GIANNI CASAGRANDE
SENIOR UX/UI DESIGNER

EXPERIENCE

AXONIFY
SENIOR UX/UI DESIGNER • 2012 – PRESENT

Design Lead, responsible for all user interface and user experience design over all Axonify "AppZones" from desktop to mobile/responsive applications. (4 apps in total)

Lead on product design, UX, refinement, innovation, testing and prototyping

Worked with internal stakeholders, platform clients and internal teams to help define product features, personas and use cases

Helped with front-end development on product styling, polish and interaction design implementation.

Worked collaboratively with product, development and marketing teams.

COVARITY
UX/UI DESIGNER • 2010 – 2012

Designed layouts & interactions for new and existing features

Worked with product management to help define new market features and future road map items.

Gathered requirements, defined use cases and personas to support feature builds

Built prototypes and front end pages in HTML/CSS/JS that had to work in IE6+. Handed prototypes and static pages over to development team to Implement.

RKD WEB STUDIOS
WEB DESIGNER/FRONT-END DEV • 2007 – 2010

Attended design meetings with clients to determine site requirements, accessibility needs, and look/feel.

Designed website layouts, interactions, site-maps and web application UIs.

Cleanly coded and built full working static websites (IE7+) which included web interfaces, templates, web applications and multimedia players.

Introduced a variety of new technologies into our website creation and designs processes including prototyping & JqueryUI.

ACHIEVEMENTS

AXONIFY
Designed and launched Axonify platform from startup v1 to current iteration. Now 6 years, 2 iterations and 500K+ users strong.

COVARITY
Designed and implemented a new cross-browser (IE6+, FF3+, Chrome) 100% fluid UI.

PERSONAL
Co-Founded an Adult Soccer League and Semi-Professional Soccer Team (KDSL), Guelph Oaks
